

The Key to Print Assess

Print Assess provides vendor-neutral print assessment solutions for large and medium sized corporations. With senior and associate consultants around the globe, and with the most sophisticated tools available, Print Assess works fast and efficiently to get a handle on complex and large print expenditure.

Our Assessments provide C-level executives with all the information they need to make key investment decisions. Whether it is to purchase a new fleet of devices, to outsource to a print management solutions company, or to assess existing service providers, Print Assess does the ground work you need. With key locations in Auckland, London, Melbourne, and San Francisco, sending a request for contact will get you started immediately.
